Atts - Chart, Employees Enrolled Mar 71-June 72 Chart, Awards Granted Mar 71-June 72 Statement on the program

## Language Incentives

After slightly more than a year of operation, the Language Proficiency Cash Awards Program appears to be doing what it was intended to accomplish. There are now about 200 participants in the program, studying languages for which their components have an obvious need. The heaviest enrollment by far (51 participants) is in Lao. So far a total of \$42,600 has been awarded to 54 employees who have acquired new proficiencies in 15 different languages. For the most part the new proficiencies were gained in the so-called "neglected" languages; over half of the awards were paid to personnel who learned Arabic, Lao, Persian, Turkish and Thai.
